

Re: FCC's proposal to expand LPFM service in a way which would allow LPFM stations to take priority over current FM translator service:
I am a listener to K-LOVE radio which would be adversely affected by this proposed change. Please to not allow these changes to happen. K-LOVE is a great station that my family and I listen to every day. It has family-friendly programming unlike any other I have found on the radio. Announcements of local events is included in the programming. I have many friends that also listen regularly to K-LOVE and I know that having it forced off the air in this community would have negative affects. I believe the service provided by K-LOVE to me and my community is in the public interest because it DOES provide decent, family oriented programming. Thank you...
